

Certification of FTC Communications, LLC

Regarding

E911 Location Accuracy
Two-Year Benchmark, April 3, 2017
PS Docket No. 17-78

FTC Communications, LLC (the "Company") hereby certifies that as of April 3, 2017, the Company (1) does not provide service or report live call data in one or more of the Test Cities; (2) is providing dispatchable location or x/y location information within 50 meters for 40 percent of all wireless 911 calls; (3) has deployed the indoor location technology or technologies used in its networks consistently with the manner in which such technologies have been tested in the test bed; and (4) has verified based on its own live call data that it is in compliance with the two-year benchmark set forth at 47 C.F.R. §20.18(i)(2)(i)(B)(1).

This Certification is executed by an officer of the Company familiar with and responsible for the Company's indoor location accuracy compliance.
